SARAH MILLER

Data Scientist & ML Engineer

Contact: sarah.miller@email.com | +33 7 89 01 23 45 | Lyon, France

PROFESSIONAL SUMMARY

Machine learning engineer with 6 years of experience in NLP, computer vision, and predictive analytics. Strong background in statistical modeling and data visualization.

TECHNICAL SKILLS

- **Languages:** Python, R, SQL
- **ML Frameworks:** TensorFlow, PyTorch, Scikit-learn, XGBoost
- **Data Tools:** Pandas, NumPy, Jupyter, Apache Spark
- **Visualization:** Matplotlib, Seaborn, Plotly, Tableau
- **Cloud:** Google Cloud AI Platform, Azure ML

PROFESSIONAL EXPERIENCE

ML Engineer | DataFlow Inc. | 2021-2024

- **Built NLP pipelines processing 500K+ documents daily**
- **Developed recommendation engines increasing user engagement by 35%**
- **Deployed models on Google Cloud AI Platform with auto-scaling**

Data Scientist | AnalyticsPro | 2018-2021

- **Created predictive models for customer churn reduction (42% improvement)**
- **Designed A/B testing frameworks for product decisions**
- **Presented insights to C-suite stakeholders weekly**

EDUCATION

PhD Machine Learning | INSA Lyon | 2018
